

HRM NEWSLETTER INDEX

WINTER 1991 THROUGH AUTUMN 2000 (40 Volumes)

Version of November 17, 2008

Note 1: One newsletter, issue (1991 Vol. 1, #2, Summer) is presumed missing and therefore not included in this index.

Note 2: There is a conflict in numbering with 1991 Vol. 1, #1, in as much as there is a preliminary and official Winter issue, as well as a Spring issue, all with the exact same volume and issue number. The difference is distinguished in the index by including a "PrelimDesignWinter," "Winter" or "Spring" notation, i.e., Vol. 1, #1 (Winter), Pg 1. The preliminary design issue was never finished and consists of only two pages, but is included here because it contains an interesting article not included in any other indexed issue.
